SPECIAL MEETING SITE WALK
MINUTES

Thursday, June 14th, 2018 at 7:00 PM

Present: Peter Bassermann, Suzanne Botta, Richard Greenalch,
Sandra Kraus, Rick Ross and James Sette.

Absent: Jim Goggin, Eric Rose and John Kelly.

Staff Present: EO Diana Ross

Others Present: Engineer, Michael Bennett

Chairman Peter Bassermann called the meeting to order at 7:00pm.

IW#18.05.05 – 29 Pent Rd – regrading of filled in area

& IW#18.05.06 – 27 Pent Rd – regrading of filled in area

Engineer Bennett explained the work proposed which included grading of the site to an acceptable slope (no steeper than 3 to 1 per zoning). Material would be pulled back and graded into the existing lawn area. He explained that stone would be top soiled, seeded, and planted.

The commission observed the old wire fencing which was holding the stone back at the bottom of the slope as well as adjacent watercourse.

Meeting adjourned at 7:20.

Respectfully Submitted,

Diana Ross, Inland Wetland Agent
