**REVISED MINUTES**  
**WEDNESDAY, JUNE 6<sup>th</sup>, 2018**  
**7:30 P.M. CANOE BROOK SENIOR CENTER**  
**11 CHERRY STREET, BRANFORD, CT**

Present: Chairman Karen Hannon, Carol Kaminsky, Dan FitzGerald, Bob Davis, Mike McGuinness and Eleanor Saulys  
Absent: Karyl Lee Hall and Jim Yakimoff

Chairman Hannon called the meeting to order at 7:35pm

Commission added discussion with Richard Shanahan on the impact of ATV/off road motorized vehicle use to the agenda. Resident Shanahan passed out photos of some of the impact that is occurring. He is looking to create awareness and get support to help address the problem. Stated people come from out of town to use the trails. Enforcement is a problem because of access and police don't want to chase operators. Town has spent money setting properties aside for open space and they are becoming an ATV park. Stated some steps could be getting more people to hike and possible bicycle use of the trails.

Commission discussed that being alert as to where the entrance points are would help. More people reporting may help drive enforcement reaction. Signage is important. Discussed it is difficult to get support for issues from an environmental stand point, may be better approaching from a public health or liability view point.

Shanahan requested a letter of support entailing the Commission's concerns that he could bring to the Selectmen.
