Required Votes for Healthy Food Certification

In order to maintain Healthy Food Certification and receive the additional 10 cents per reimbursable lunch (paid, free and reduced), we must certify annually to the Connecticut State Department of Education our intentions with respect to following the Connecticut Nutrition Standards. That certification includes documentation of Board of Education action on the following motions. The beverage portion of the food and beverage exemption is unrelated to Healthy Food Certification, as compliant beverages are required of all Connecticut public schools. Without the beverage exemption, the district's schools can never sell noncompliant beverages to students.

A yes or no vote is required on each motion and the motions must be made with the following specific language, which must be reflected in the minutes:

1. Healthy food option motion

Pursuant to C.G.S. Section 10-215f, the board of education certifies that all food items offered for sale to students in the schools under its jurisdiction, and not exempted from the Connecticut Nutrition Standards published by the Connecticut State Department of Education, will comply with the Connecticut Nutrition Standards during the period of July 1, 2024, through June 30, 2025. This certification shall include all food offered for sale to students separately from reimbursable meals at all times and from all sources, including but not limited to school stores, vending machines, school cafeterias, culinary programs, and any fundraising activities on school premises sponsored by the school or non-school organizations and groups

I recommend a "Yes" vote on the first motion.

2. Food and beverage exemption motion

The Board of Education will allow the sale to students of food items that do not meet the Connecticut Nutrition Standards and beverages not listed in Section 10-221q of the Connecticut General Statutes provided that the following conditions are met:

- 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend;
- 2) the sale is at the location of the event; and
- 3) the food and beverage items are not sold from a vending machine or school store.

An "event" is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. For example, soccer games, school plays, and interscholastic debates are events but soccer practices, play rehearsals, and debate team meetings are not. The "regular school day" is the period from midnight before to 30 minutes after the end of the official school day. "Location" means where the event is being held and must be the same place as the food and beverage sales.

I recommend a "Yes" vote on the second motion.
