PUBLIC INPUT:

1. Wayne Cooke (Property owner of 573 East Main St.) He requested that Perry Maresca speak first then he would give his comments.
2. Perry Maresca- He said he will speak as the chairman of the Economic Development Commission first. He read a letter aloud from Attorney Nicholas Mingione.
3. Wayne Cooke spoke again saying he has been working on this issue for a while now. He said he would speak in 2 sections starting with his thoughts of what he would like to see at exit 56 but both parts of his talk relates to making the process fair. Then the second part will be his vision of how to make the process fair. He then had a PowerPoint presentation.
4. Kate Galambos- She stated as a person whose photo and name was named in Mr. Cooke's presentation, she has no choice but to publicly refute his claims. She followed by saying his presentation is a collection of conspiracy theories and fabrications and gave a few examples. She demanded that he remove her name and photo from his slides or she will consider his actions to be an attempt to bully and intimidate her and defame her character. She then went on to comment about the letter that was read and how she disagreed with it. She encouraged the Commission to go forward with the zone change to IG-2. She also disagree with the EDC comments and she encourages the Commission to revert back to the IG-2 zone.
5. Todd Petrowski- Said he thinks Mr. Cooke did a great presentation and he agreed with him. He said that something should be done so businesses can thrive at exit 56.
6. Jacey Wyatt- Said she has been a Branford resident for 50 years. She displayed an aerial photo of the area and gave some ideas for possible uses.

8. Mr. Nichols (Resident) He lives near exit 53 and is concerned about traffic and stated that safety is a big concern.
9. Ray Ingraham-He stated he is happy the PZ Commission is starting the process to change the zone at exit 56.
10. Perry Maresca- He said he is requesting on behalf of the Economic Development Commission that the IG_2 zone be revised to be more flexible, more lucrative and a more beneficial zone status. He noted it was discussed in 2015 and all the other exits were converted to a hybrid zone but exit 56 was not. He spoke at the POCD plan meetings he requested as the EDC chairman that all the exits be changed to hybrid zones. He noted he didn't have photos to share but asked for everyone to use their minds eye and picture that area. He asked, what are we trying to save there? He spoke of the parcels and the businesses there and how it looked from

the road. He read a portion of a letter he wrote to a government official on behalf of the EDC. He noted he was misquoted in the minutes from the March PZ meeting saying the EDC is not looking for retail uses in that area. He said the days of retail as we know it are gone. He stressed again that he nor the EDC are requesting retail in that area, they are looking for this exit to be considered just as the other exits were considered.

11. Wayne Cooke- Spoke again saying if this area is changed to IG-2 with the intent of examining it closely, than it's a good start. The town needs to decide how special do we want this area to be?
