***SPECIAL MEETING  
Monday, May 10, 2021 7:30 P.M.***

**Agenda:**

Guest Speaker for Branford Pollinator Pathway project.

**Invasive Plant Species: What to Know, What to Do**

Please join David Gumbart, Director of Land Management for The Nature Conservancy, as he discusses issues related to invasive plants. This will include an overview of what makes a species invasive, what problems result from the presence of these invasives, and how to initiate planning and action to control their presence and spread. Native local wildflowers will also be on display!
