Re: Human Services Budget FY 2020-2021 Transfer Request

## Seasonal/Part-time Personnel

Human Resources Department requires any contractual employee to meet specific IRS benchmarks as a condition to continue in a contractor employment status. Our candidate to fill the Medical Director position did not meet the criteria and is therefore required to be hired as part-time employee of the town.

As a result, we are requesting approval of a transfer from the Other Purchased Services account to the Seasonal/Part-time Help account:

Re: Tax Collector – Budget Transfer FY 2020

I am requesting the following FY 2020 transfers be placed on the agenda for the Board of Finance August 31<sup>st</sup>, 2020 meeting.

With the retirement of our most senior staff person I thought more training of the QDS tax software was warranted. To that end we asked QDS to come on site for a more in-depth training for myself and the Assistant Tax Collector. This training covered many areas including month and year end procedures, sewer assessment billing processes and the preparation of various reports.

The online services account is used to pay for the cost of Lexis-Nexis (Accurint) and our online tax payment platform Invoice Cloud. After the FY 20 budget was adopted we were notified by Lexis-Nexis the monthly minimum for the service was increasing from \$30 to \$150 per month which is why the transfer is required.

There is money available to cover these transfers due to a vacancy in the tax department.

Thank you for your consideration.

**Resolved:** That the Board of Finance recommends to the RTM an increase in appropriations for the Fiscal Year 2020 General Fund Budget from \$115,908,944 to \$116,119,944. This increase will be funded through increased estimated revenue resulting from special detail receipts.

The transfer to the utility account is required to cover the utility costs of the new Community House located at 46 Church Street. The new facility currently houses the staff and activities of the Recreation Department and Elderly Services. The original budget for this account was \$308,515 and the utility costs for 46 Church Street totaled \$82,757.

Overtime for various Town Hall departments is budgeted under Human Resources. During FY 2020 a good portion of the overtime paid was applicable to the tax office.

The tax office has gone through a lot of personnel changes in the last couple of years and more recently has been down one full time staff member. Time beyond their normal workday was needed to process payments, refund requests and other administrative tasks.

Presently, our contract with Murphy Road Recycling states that the Town of Branford has specific rates for recyclables collected. (newspaper, cardboard, bottles and cans, etc.) If any of the loads of containing “acceptable recyclables” material exceed the allowed contamination rate of (5%), the hauler imposes a new, higher fee to dispose of the load. Over the past year, the percentage of loads labeled as “contaminated” has increased resulting a higher cost to dispose of recyclables.

The Town of Branford administration, along with the commission for Municipal Solid Waste and the Department of Public Works, are working together to investigate and develop strategies to improve the quality of the collection. We are in the early stages of reviewing the collection process to determine the areas of improvement.

The payroll processed in July 2019 was supposed to be charged back to June but was missed when calculating accrued payroll. Therefore, FY 18/19 ended with a surplus in the account and a shortfall is reflected in FY 19/20 budget. The elected official salary account in the executive budget has a surplus as a result of the lapse in time between the passing of the second selectman and the appointment of his replacement.
