The East Shore District Health Department (ESDHD), and its many partnering agencies, is conducting the 2020 Community Health Assessment in the towns of Branford, East Haven and North Branford. Every four years the health department conducts a survey to find out about the health of the people in the community. The resulting information helps guide the health department and partners in their efforts to bring effective health information and services to the community.

ESDHD asks all residents to complete this anonymous survey. Community members who fill out the survey have a chance to win one of three \$50 Amazon Gift Cards. The survey will be open from June 10<sup>th</sup> until July 22<sup>nd</sup>.

The survey can be filled in online at <https://www.surveymonkey.com/r/ESDHDHealth> .

If you reside in East Haven, Branford, or North Branford/ Northford, please take a moment to fill out the Community Health Survey in-person or online.

This year's survey will also address COVID-19 and how people are coping. The survey will be available online for people to fill out on their phones, computers, or other electronic devices. It will also be available in paper copies at the health department, libraries and other community venues. Anyone 15 years old and older may fill out this survey.

Results for this survey will be publicly available in September. ESDHD is hoping the survey results will spark discussions in the community about health and healthy living. We thank you in advance for your participation.

Any other questions about the survey, results and how it is used, may be addressed to Barbara Naclerio - Health Educator at ESDHD. She can be contacted at [bnaclerio@esdhd.org](mailto:bnaclerio@esdhd.org) or you may call her at 203-481-4233 ext. 569.
