Depending on what fuel source you heat with, you will need that bill (gas, electric) or if you heat with oil, it is your responsibility to establish an account with a dealer who is a registered vendor with the CT Energy Assistance Program.

You will receive a FULL more detailed listing of required documentation after you schedule an appointment with us, this list is just the basics due to space constraints.

INCOME & ASSET GUIDELINES: 2019-20 HOUSEHOLD INCOME GUIDELINES

Guidelines & Award levels are subject to change, per State budget constraints.

HOUSEHOLD INCOME GUIDELINES

Your combined yearly income must fall below the maximum yearly gross for your household size.

Household Size	1	2	3	4	5
Max. yearly gross	\$36,171	\$47,300	\$58,430	\$69,559	\$80,688

There is also a liquid assets test (checking, savings, CD's, stocks, bonds, shares, CD's, and individual retirement accounts.) ***The purpose of the liquid assets test is to try to ensure that winter heating assistance dollars go to households most in need; that is, to people without the financial means to heat their home.***

For homeowners, the first \$15,000 in liquid assets, and for renters the first \$12,000 in liquid assets is disregarded. Any amount OVER that limit when added to your annual gross income must fall below the income guideline for your household size.

Full Guidelines are on the State of Connecticut DSS website:
www.ct.gov/staywarm

Last season, well over 700 Branford Families were assisted through this program.

If you know someone who needs help, please pass along this brochure and encourage them to call for a ***private & confidential*** appointment.
