

Town of Branford
Sanitary Sewer Collection System On-Call Repairs
Addendum #1

Date: December 2nd, 2022

Submission Due Date: December 13th, 2022 (unchanged)

Prospective bidders, and all those concerned, are hereby informed that the following is made a part of the bid documents, which should be amended as follows:

The following question was received about the bid, with answers following:

- 1) We request the requirement for P1 license be changed to a P7 license. A P7 license will cover the scope of work described in the proposal for sewer repair work.

A P1 license is required for work on Town sewer mains. A P7 may be acceptable for work on lateral work requested, if any.

A valid P1 license through a hired sub-contractor will be accepted. However, no work will be allowed or accepted without a P1 on-site during repairs.

A “P1 Licensed Plumber” line item has been added to the attached Labor proposal form. The attached form shall replace the Labor proposal form, and will be made a part of the bid documents.

Respectfully submitted,

Brian Devlin
Wastewater Superintendent

Please acknowledge receipt of addendum below and submit with your bid submittal.
