

**Town of Branford**

**Fueling Facility Installation**

**Addendum #2**

**Addendum Date: January 8, 2024**

**Bid Submission Date: January 17, 2024 11:00 AM (unchanged)**

Prospective bidders, and all those concerned, are hereby informed that the following is made a part of the bid documents, which should be amended as follows:

**Attachment A (Updated Section 2 - Proposal) shall be submitted with bid submission.**

1. Specifications and plans do not provide any meaningful specifications on the Gasboy Islander Prime system you wish to have the contractor supply?

**Gasboy Island Prime with EKOS software shall be provided.**

2. What modules do you require with this system? Fuel card module, bulk fuel module, fleet maintenance module?

**Fuel Site Module shall be provided in base bid. Alternate pricing shall be provided for one year of bulk fuel module and one year of fleet maintenance module (see Attachment A).**

3. Is system being configured for Proprietary cards, Mag Cards, Fobs or passive fuel ring use? If so, how many proprietary, fobs, mag cards or passive fuel rings to be provided?

**Fobs shall be used for this system. 300 Fobs shall be provided. A fob programmer shall also be included in the base bid.**

4. If you choose passive fuel rings, do you wish to have them installed? Or do you wish to install them yourself?

**Passive fuel rings shall not be installed.**

5. Single or dual device authorization?

**Single device authorization shall be used and programmed to specific fleet vehicles for odometer reading.**

6. Do we include a receipt printer?

**No.**

7. Who is supplying dedicated computer hardware to access system?

**The Town's IT Department shall provide a fuel management computer with network access.**

8. Will town have IT staff available to create and maintain IP address for this system?

**Yes, IT Staff will create and maintain an IP address for this system.**

9. Do we include site controller software?

**EKOS Cloud Based software shall be provided (not FHO software). Hardware is provided in form of the Gasboy Islander Prime Pedestal.**

10. Do we include cloud Hosted software?

**EKOS Cloud Based software shall be provided with fuel site module.**

11. Do we include how many years of Cloud Hosted Software access?

**1 year of EKOS Cloud based software shall be included in the base bid. Alternate pricing shall be provided for Bulk Fuel and Fleet Maintenance Modules.**

12. How many years warranty do you wish on this unit? Min is 1 year with optional 5 year warranty.

**5 year warranty shall be provided.**

13. Access to 24 hour help desk? And for how many years?

**1 year help desk shall be provided. Contractor shall also provide owner with training of system upon completion.**

Respectfully Submitted,

Jennifer Acquino  
Assistant Town Engineer

**TOWN OF BRANFORD  
TOWN ENGINEERING  
REQUEST FOR PROPOSALS**

***PROPOSAL – FUELING FACILITY INSTALLATION BRANFORD FIRE HEADQUARTERS***

**The undersigned hereby declares** that in regard to all conditions affecting the work to be done and the labor and materials required, this proposal is based on his investigations and findings, and the Town of Branford and the Engineers and their officers, agents and employees shall not in any manner be held responsible for the accuracy of, or be bound by any estimates, borings, water or underground conditions relative to the proposed work, indicated in this or in the other contract documents; that no warranty or representation has been made by the Town of Branford or the Engineers or their officers, agents and employees as to subsurface soil or rock conditions, ground water, or other underground and similar conditions; nor has any representation or warranty been so made that the estimated quantities to be used for comparison of proposals will even approximate the actual quantities or materials and work which the Contractor may be required to furnish or perform.

In compliance with your Advertisement for Proposals, Proposer hereby proposes for the **“FUELING FACILITY INSTALLATION BRANFORD FIRE HEADQUARTERS”** project in the Town of Branford, Connecticut together with all related incidental and appurtenant work as described in the specifications or outlined and/or shown on the exhibits. The work is to be done in strict accordance with the Specifications, Drawings and all Contract Documents, within the time set forth therein, and at the prices stated on the Proposal Schedule.

BID FORM - The base bid should represent a complete installation of the fueling system and associated site and utility improvements. All costs shall be distributed in the lump sum values shown below and Bidder will complete the Work in accordance with the Contract Documents for the following price(s):
