

Town of Branford  
Project No. L014-0002  
Main Street Reconstruction and Rehabilitation  
Addendum #4

Date: March 20, 2025

Submission Date: **March 26, 2025 no later than 2:00pm (unchanged from Add. #3)**

Prospective bidders, and all those concerned, are hereby informed that the following is made a part of the bid documents, which should be amended as follows:

## WRITTEN QUESTIONS AND CLARIFICATIONS

**For clarification** – Questions received between March 17th and March 20th are included within this Addendum #4.

### Clarifications

1. *Clarification Regarding Light Pole Foundations: The excavation of any existing light pole foundations will be incidental to the cost of the proposed Light Standard Foundation. No separate payment will be made for the excavation of any material that would be classified as “Rock in Foundation Excavation” as described in Section 10.02 of the CTDOT Form 819, and that work will be paid for as part of the proposed Light Standard Foundation items.*
2. *Clarification Regarding Resetting of Existing Light Poles: The removal and resetting of the existing light poles on new foundations will be included in the cost of Items #1005592A, #1005593A, #1005594A. The unit bid price for each fixture upgrades to existing light poles will include the work necessary to reset the existing light pole on the new foundation.*

### Bidder Questions

3. *Recently the CT DOT has approved the use of Miovision 360 degree cameras. Please review the attached specifications and DOT approval. Gridsmart used to be the only camera available, but the DOT made the change due to the many issues Gridsmart was having.*

*Would the town of Branford be open to allowing Miovision Cameras to be an approved equal to be utilized on this Project?*

**W&S Response:**

**The Miovision 360 degree cameras will be considered as an approved equal.**

Respectfully Submitted,

John M. Hoefflerle, PE, CFM  
Town Engineer
